Dear [Sal],

What an exciting year it has been for our Library, made possible in so many ways by the generosity of donors and community partners like you. We are tremendously grateful for the devoted supporters who make our Library such a special part of the New Rochelle community.

In 2025–26, the New Rochelle Public Library Foundation **provided nearly $240,000 in support to the Library**, investing in programs, spaces, and resources that enrich our community.

Together, we're helping bring the Children's Garden to life, advanced plans for the new Cappelli Music Studios, supported children's programming at the Huguenot Children's Library, and continued funding beloved resources like Museum Passes and Wi-Fi hotspots. We also provided critical matching funds for New York State construction grants, supporting important building improvements.

And there is so much more ahead!

Our Library has always been more than a place for books. It's where children discover new interests, families learn together, and neighbors find opportunities to create and connect.

With the passage of the Library bond, our community has made a remarkable investment in the Library's future. While this public funding will transform our buildings and infrastructure, a truly exceptional Library is defined by what happens within those spaces.

That's where the Foundation, and supporters like you, come in. Through private philanthropy, we help build on this public investment, supporting the resources, opportunities, and experiences that allow our Library to reach beyond what public funding alone can provide.

MORE THAN BOOKS. MORE POSSIBILITIES.

Your generosity supports the spaces, programs, and resources that make our Library a place for learning, creativity, and connection.
